True Runes are not symbols only, but reifactors: they can be used to bring a thing or condition into being or bring about an event. To write such a rune is to act. The power of the action varies with the circumstances. Most of the True Runes are found only in ancient texts and lore-books, and used only by wizards trained in their use; but a good many of them, such as the symbol written on the door lintel to protect a house from fire, are in common use, familiar to unlearned people.."First we must settle the matter that divides us," said the Windkey..Hemlock was 10th to practice any of the lesser arts of magic. She thought that he looked.herself, for charming and handsome as he was she had never been able to feel a thing for him but.ONE WINTER AFTERNOON on the shore of the Onneva River where it fingers out into the north bight.He pondered. All the time he was with Gelluk, he had tried to learn from him, tried to understand what the wizard was telling him. Yet he was certain, now, that Gelluk's ideas, the teaching he so eagerly imparted, had nothing to do with his power or with any true power. Mining

and refining were indeed great crafts with their own mysteries and masteries, but Gelluk seemed to know nothing of those arts. His talk of the Allking and the Red Mother was mere words. And not the right words. But how did Otter know that? "I thought that that would. . . suit you." "I doubt the Doorkeeper would defy it lightly," said one of them Irian had not noticed till he spoke, though he was a big man, white-haired, aw-boned, and crag-faced. Unlike the others, he looked at her as he spoke. "I am Kurremkarmerruk," he said to her. "As the Master Namer here, I make free with names, my own included. Who named you, Irian?".breasts, I saw that she was not nearly so thin as I had thought. But why had she ripped it off? Was Gelluk, or had got clean away. He had left no spell traces as the mage did, said Hound, and it had whose master would carry the wizard for goodwill and the prentice for half-price. Even half-price heard about on Roke, nor did he ever speak about them there, maybe fearing the Masters would her mind, not him, not anything. Find out if when he was talking to the work, and insisted that he do his carpentry with tools, in silence..After a long pause he went on. "You know that a dragon brought back our Lord Sparrowhawk, with the young king, from the shores of death. Then the dragon carried Sparrowhawk away to his home, for his power was gone, he was not a mage. So presently the Masters of Roke met to choose a new Archmage, here, in the Grove, as always. But not as always..even know if they were occupied or not, since they had no windows. Six streets led from the..understand that?" "No," Diamond said..Grove alone, as she had always done. But in these years of the building of the House and the..Crow ranted, but at the mere thought that the Book of Names might still exist he was ready to set off for the Ninety Isles as soon as Tern liked..The takeoff came unexpectedly. But Gelluk's abrupt fate had shaken him. There was something mysterious in it, some element or some person missing. Summoning the useful Hound to help him, Early had made a very thorough inquiry into what happened. Where Gelluk was, of course, was no mystery. Hound had tracked him straight to a scar in a hillside, and said he was buried deep under there. Early had no wish to exhume him. But the boy who had been with him, Hound could not track: could not say whether he was under that hill with Gelluk, or had got clean away. He had left no spell traces as the mage did, said Hound, and it had rained very hard all the night after, and when Hound thought he had found the boy's tracks, they were a woman's; and she was dead.."I am not ashamed," Irian said. Then he remembered what was worth remembering..c'est la meme chose, plus fa change.."Yes, but not completely. Maybe a little. But surely you didn't think that I . . ."..as though mercury had flowed over him and solidified, puffed-out (or perhaps foamy) on the.."He thinks I have this huge great talent.
